

Me and My Shadow

The Only Ones

Something out there's haunting me
Fills my life with misery
Won't let me rest in peace
Won't give me no release

Me and my shadow
Me and my shadow

Good is bad from someday fear
Can't you give me refuge here?
Don't let me come to grief
Don't shatter my belief

Me and my shadow
Me and my shadow
Me and my shadow
Me and my shadow, shadow

Still waters running shallow
Don't have to be straight to the narrow

Something out there's haunting me
Fills my life with misery
Won't let me rest in peace
Won't give me no release

Me and my shadow
Me and my shadow
Me and my shadow
Me and my shadow, shadow
