

Strange Mouth

The Only Ones

I've been, down south
I don't wanna be there again
I've seen, your mouth
I don't wanna see it again

Strange mouth
Waiting to consume your meat
Strange mouth, craving
Flesh as well as blood

Bye bye, my love
I don't wanna see you again
For a long, long time
I ain't gonna see you again

I know, it's hard to believe but I know
What's happening to me, oh

They've cap-tured me
Completely unawares
I've never, seen
Hungry faces quite like theirs

Strange mouth
Waiting to consume your meat
Strange mouth, craving
Flesh as well as blood

Before, I go
I hope someone will listen to me
Each time flesh from my bones ??
Have left me in a heap

I'm undone, it's happened to me
I've become, a cannibals meal
