

# I Am Not Suprised

The Organ

Am not surprised  
I got my head caught underneath the ice  
No, I am not surprised  
That i got my big head  
Caught underneath the ice  
And on it goes...

Someway , somehow  
I'm going out now  
It's all about myself  
And i'm on to someone else

Well, i know that you are near  
But i feel alone even when you're here  
I know that you are near  
But i feel alone even when you're here  
And on it goes
