

I Am Not Suprised

The Organ

Am not suprised
I got my head caught underneath the ice
No, I am not suprised
That i got my big head
Caught underneath the ice
And on it goes...

Someway , somehow
I'm going out now
It's all about myself
And i'm on to someone else

Well, i know that you are near
But i feel alone even when you're here
I know that you are near
But i feel alone even when you're here
And on it goes
