

All The Cool Kids

The Orwells

You'd rather stay high
Than say hi
You lick your lips
When your mouth gets dry
You catch my eye, but should I even try?
If you want me shouldn't act so shy
What happened to the other guy?

You're gonna hit it
Come on get with it
Just hit it
All the cool kids did it
Come on yeah hit it

Uh oh you didn't
Not gonna tell nobody about it
Even between
You and me
Just hit it
Get with it

You'd rather
Stay high
Than
Say hi
