

# All The Cool Kids

The Orwells

You'd rather stay high  
Than say hi  
You lick your lips  
When your mouth gets dry  
You catch my eye, but should I even try?  
If you want me shouldn't act so shy  
What happened to the other guy?

You're gonna hit it  
Come on get with it  
Just hit it  
All the cool kids did it  
Come on yeah hit it

Uh oh you didn't  
Not gonna tell nobody about it  
Even between  
You and me  
Just hit it  
Get with it

You'd rather  
Stay high  
Than  
Say hi
