

Gotta Get Down

The Orwells

I wanna get stupid
I gotta get lit
I wanna have faith in
Something I don't get

I'm starting to feel down
Come see me in a bit
My daddy's got a twelve gauge
I hope I don't find it

Don't leave me
Sit back down
Come around
Put on a frown and get older

Get found

I'm starting to feel down
Come see me in a bit
My daddy's got a twelve gauge
I hope I don't find it
