

Never Ever

The Orwells

Damn I feel lazy
But don't forget to wake me
we got this fear of aging
were living in a daydream

tell me was she's shaking
tell me what were chasing
we got this fear of aging
i know when somethings changing changing changing

but damn i feel lazy
dont forget to wake me
we got this fear of aging
were living in a daydream daydream daydream

I know when somethings changing
we got this fear of aging
were living in a daydream
tell me what were chasing
i know when somethings changing changing
but damn i feel lazy
now that somethings changed me

were living in a daydream
damn i feel lazy
but you forgot to wake me
we got this fear of aging
were living in a daydream daydream daydream
