

Painted Faces And Long Hair

The Orwells

Vanilla chocolate swirl, she got her finger in a curl
Sh-sh-sh-short dress, your head it give me a twirl
She'll go all night long, yeah summer girl

Summer time, she told me; "I feel fine, go ahead come on down."
"We got a bottle a wine, we got lots of time."
"It's summer time and we feel fine."

Bring along them, whatcha want to do?
Whatever you want, and you want
And we don't gotta think about school

Go ahead and break the rules
It's summer fool
The kids, the school, don't matter the summer's fine and break
the rules

Vanilla chocolate swirl, she got her finger in a curl
She got a short dress, your head it give me a twirl
You'll go all night long, yeah summer girl
