

# Hold Her Tight

The Osmonds

What is the matter?  
Now what did you do?  
Did you go and lose her, like the others too?  
Let me tell you something,  
here's the way it goes.  
There's a way to treat 'em  
Everybody knows.

[Chorus]  
Hold her tight,  
Hold her like a baby.  
Make her feel, make her feel real good.  
Give a chance,  
give her time to love ya.  
Don't let go, if you know  
No one else can touch her.

Everybody tells you  
she's the one for you.  
So if I was you, boy,  
Here's what I'd do.

Hold her tight,  
hold her like a baby.  
Make her feel, make her feel real good.  
Give a chance,  
give her time to love ya.  
Don't let go, if you know  
No one else can touch her.

[Chorus]
