

# One Hot Country

The Outfield

This is not what I remember, it's nothing like the same  
You know the girls are lot far, boys are not too blame  
This is not the 1930's, it's not a T.V. show  
You know that I just wanna dance, I still won enough

I feel so many things that I don't understand  
Walks like a woman and acts like a man  
One hot country, this is just one hot country  
This is just one hot country in modern times

Well if you don't like the movie just watch the news instead  
And if you wanna be a star, hijack a DC 10  
But if you change your occupation, you might be fallin' from the sky  
A silent girl's imagination, silhouettes the world goodnight

I feel so many things that I don't understand  
Walks like a woman and acts like a man  
One hot country, this is just one hot country

This is just one hot country in modern times  
One hot country, this is just one hot country  
This is just one hot country in modern times

One hot country, one hot country  
One hot country, one hot country  
Come on, this is just one hot country  
This is just one hot country  
This is just one hot country, this is just one hot country

Whoa, ooh, whoa, ooh  
Whoa, ooh, whoa, ooh  
Whoa, ooh, whoa, ooh
