

Take It All

The Outfield

If your hands are tied
Don't be afraid
A chance in a lifetime
Is on its way

If you're out tonight
In shoes of glass
Make it by midnight
The future might pass

The facts of life ain't changing
They don't care about you
The hands of time ain't waiting
They'll go on without you
Baby - take it all
Baby - take it all

For once in your life
You got it made
A sign of the times
The past is paid

So leave it behind
Don't be ashamed
Innocent girl
In a man's world

Get it all - do it do it
