

Tonight You're Mine

The Outfield

It's just a matter of time
So don't walk away
This song is nothing without you
That's all I can say
You know you'd break my heart - if you
Push my love away
But I can't wait another day
Tonight you're mine girl

It's just a matter of time
So don't you forget it
You've told me so many times
That I won't regret it
Some things are easy to do - yet they're
Still so hard to say
But I can't wait another day

If there's no light and you can't see
Down the end of this road
I'll be a voice in the darkness
I'll still be there if your dreams overload

It's just a matter of time
I'm not pretending
Oh this happens once in a lifetime
And I don't see it ending
There's nothing else I can do - because you
Make me feel this way
Cos I can't wait another day
Tonight you're mine girl
