

Lady Luck

The Outlaws

She looks so pleasin'
All done up in black
Don't think she's easy
Never turn your back
So tempermental
So lethal with lies
She's got the power
You can see it in her eyes
She's too hot to handle
She's too wild too tame

Lady
She's the lady (lady)
Lady luck (lady luck)
The lady (lady)
Lady luck (lady luck)

She's got the hot hand
They're her dice to roll
She'll take your money
Leave you flat out in the cold
But when she's with you
You just can't be beat
Cause they're down and dirty
Baby, read'em and weep
She's too hot to handle
(Too hot to handle)
She's too wild to tame (oh oh oh)

Lady, whoo
Lady luck
She's the lady (lady)
Lady luck (lady luck)
The lady (lady)
Lady luck (lady luck)
The lady (lady)
Lady luck (lady luck)
The lady (lady)
Lady luck (lady luck)

She's too hot to handle
(Too hot to handle)
She's too wild to tame (oh oh oh)
She'll take all your money
And walk away from the game

The lady (lady)
Lady luck (lady luck)
The lady (lady)
Lady luck (lady luck)
The lady (lady)
Lady Luck (lady luck)
The lady (lady)
Lady luck (lady luck)

Lady luck
Lady luck

Lady
Lady
Lady luck
Lady
