

## From Time To Time

### The Ozark Mountain Daredevils

Sometimes I know how good it feels  
To be as free as a rolling wheel  
Cause then you just appear to me  
Within the shapes of things I see  
When I leave

I watched an eagle way up high  
Makin' circles in the sky  
I watched a river passin' by  
I've see it all from time to time  
In your eyes

I've listened to the birds in spring  
While taking walks in the late evening  
And seen the clouds writing in the wind  
In you it all begins  
And ends
