

# Homemade Wine

## The Ozark Mountain Daredevils

Down in the hills of the Ozarks  
There are some women that'll have your heart  
All wrapped up in chains it's a shame

If you make the bad mistake of telling them  
All the crazy things you tell them  
When you're high on that homemade wine

'Cause when you're high on that homemade wine  
Every woman will sure look fine

Half standin' in my sleep  
I'm lookin' at my feet  
And wonderin' where do I go from here

I've been walkin' for an hour  
Tryin' to find my shower  
So my head can't be on right yet

It's that wine and I'll take all bets  
It's that wine that's gettin' to my head

Made me a fifty gallon barrel  
Connected with an air hose  
And I had me a real good rig

Went on a binge for one week  
Got to where I couldn't speak  
To anyone oh, I was high

It's that wine and I'll tell no lies  
Take that wine if you want to get higher, higher

It's that wine and I'll tell no lies  
Taste that wine if you want to get high
