

## It Couldn't Be Better

### The Ozark Mountain Daredevils

Now a tear  
Leaves you only a trace  
And the sun  
Finds its way to your face

It couldn't be better,  
It couldn't be better, Lord  
Than it is right now

And the one  
That you gave all your charms  
Finds his way  
To the depth of your arms

It couldn't be better,  
It couldn't be better, Lord  
Than it is right now

It couldn't be better,  
It couldn't be better, Lord  
Than it is right now

Than it is right now  
Than it is right now
