

# Noah

## The Ozark Mountain Daredevils

Watch the water flow underneath the rainbow  
Everyone is gone away  
It don't have to come some other time

The sky is changin'  
I can hear the singin'  
Clouds will soon be alright  
Bringin' on the daylight  
Let it rain  
Let it rain  
Let it rain  
And bring on the sunshine

People turn and go every time the wind blows  
Rain clouds don't bother me  
Noah had to ride the storm before he got the sign

Go and tell the people  
From the highest steeple  
Runnin' in and out of time  
Tearin' down them battle lines  
Let it rain  
Let it rain  
Let it rain  
And bring on the sunshine  
ahhhhhhhh

The sky is changin'  
I can hear the singin'  
Clouds will soon be alright  
Bringin' on the daylight  
Let it rain  
Let it rain  
Let it rain  
And bring on the sunshine
