

Noah

The Ozark Mountain Daredevils

Watch the water flow underneath the rainbow
Everyone is gone away
It don't have to come some other time

The sky is changin'
I can hear the singin'
Clouds will soon be alright
Bringin' on the daylight
Let it rain
Let it rain
Let it rain
And bring on the sunshine

People turn and go every time the wind blows
Rain clouds don't bother me
Noah had to ride the storm before he got the sign

Go and tell the people
From the highest steeple
Runnin' in and out of time
Tearin' down them battle lines
Let it rain
Let it rain
Let it rain
And bring on the sunshine
ahhhhhhh

The sky is changin'
I can hear the singin'
Clouds will soon be alright
Bringin' on the daylight
Let it rain
Let it rain
Let it rain
And bring on the sunshine
