

Snowbound

The Ozark Mountain Daredevils

Everything's freezin' up fast
Everyone's lookin' for wood
Some folks say it won't last
Some folks say it's for good

I got my lady and my time to kill
I guess I'll stay here by this window sill
'cause I'm
Snowbound,
Snowbound

Somebody said it's a sign
Somebody said it's a shame
Somebody said it's a crime
Who do you blame

I got my firewood and my kerosene
I think I'll lay back and just dream a dream
'Cause I'm snowbound,
Yes, I'm snowbound

There ain't no way to get out
There ain't no way to get in
I don't know what it's about
And there ain't no sign of the end

I got my rocker and my apple wine
I might just stay here 'til the end of time
'Cause I'm...
Snowbound
