## Snowbound

## **The Ozark Mountain Daredevils**

Everything's freezin' up fast Everyone's lookin' for wood Some folks say it won't last Some folks say it's for good I got my lady and my time to kill I guess I'll stay here by this window sill 'cause I'm Snowbound, Snowbound

Somebody said it's a sign Somebody said it's a shame Somebody said it's a crime Who do you blame

I got my firewood and my kerosene I think I'll lay back and just dream a dream 'Cause I'm snowbound, Yes, I'm snowbound

There ain't no way to get out There ain't no way to get in I don't know what it's about And there ain't no sign of the end

I got my rocker and my apple wine I might just stay here 'til the end of time 'Cause I'm... Snowbound
