

## Stay Alive

### The Pains of Being Pure At Heart

Come on down  
The furthest reaches of your nowhere town  
They suck you in  
The black hole kids won't let you free again

Don't you try to shoot up the sky, to shoot up the sky  
Tonight we'll stay alive  
Don't you try to shoot up the sky, to shoot up the sky  
Tonight we'll stay alive

When it's gone  
You sit and stare until the golden dawn  
Can't you see?  
His arms are hell and you won't ever leave

Don't you try to shoot up the sky, to shoot up the sky  
Tonight we'll stay alive  
Don't you try to shoot up the sky, to shoot up the sky  
Tonight we'll stay alive
