

# Never Heard A Sound

The Paper Kites

Bring me out with your loving  
It's been a long time waiting I know  
Keep in my eyes, still by-and-by  
No I never heard a sound  
Never heard a song  
I said mmm all the day long

Tell me how do I answer?  
Walk the green line right to your door  
Maybe with age comes better days  
Will we ever know its right?  
Ever feel it's wrong?  
I said mmm all the day long

Will it grow, is it passing?  
Hard to say and hard to ignore  
Still you I find, most of the time  
And you're rolling in my head  
Rolling in my song  
I said mmm all the day long
