

## Turns Within Me, Turns Without Me

The Paper Kites

Oh lover  
I don't know a thing or two  
And it never sounded like I thought it would  
When I spoke it to myself  
Oh lover  
I'm still a stranger to you so  
When you think about your mother  
Could you say that any other  
Loved you that long?

And you'll keep me settled for a while I know my love  
Just let me waste a little time  
It turns within me  
It turns without me  
And oh it turns me round, round, round

Oh dreamer  
I've got to let some of you be  
Cause I think I've found a turbulent  
Solitary citizen like me  
And oh lover  
You've got a power on me now  
It's the kind that brings me to my knees  
Alchemizes libertines  
And steals you from yourself

And you'll keep me settled for a while I know my love  
Just let me waste a little time  
It turns within me  
It turns without me  
And oh it turns me round, round, round
