

## Angry Young Girl

The Parlor Mob

You're so quiet baby but you're so mean  
Sooner or later you'll have to come clean  
That you're an angry young girl  
You're so calm you're so smart  
I held your hand you stole my heart  
Cause you're an angry young girl  
And it won't be long 'til they sing along  
And it goes

You're an eagle but you will crow  
Maybe the devil but all I know  
Is you're an angry young girl  
You're so calm but you're so cruel  
Shout me out loud, make me look like a fool  
Cause you're an angry young girl  
And it won't be long 'til they sing along  
And it goes

You're so quiet but you're so mean  
Sooner or later you'll have to come clean  
That you're an angry young girl  
And it won't be long 'til they sing along  
And it goes
