

Fall Back

The Parlor Mob

Well I heard a little secret
Hoping you can keep it
You're not just lying to yourself
Well I wrote it on the mirror
To see a little clearer
Well I think I'm going to keep it
Just a little secret

Fall back
Girl you don't know how to act
Fall back
Girl you don't know how to act
You're talking crazy, and your mind is a mess
So, fall back

Well I heard a little story 'bout the one before me
That kid is singing like a bird
Well girl your weakness is the tangled web you weave
But that's just not what I need no

Fall back
Girl you don't know how to act
Fall back
Girl you don't know how to act
You're talking crazy, and your mind is a mess
So, fall back

Fall back
Girl you don't know how to act
Fall back
Girl you don't know how to act
You're talking crazy, and your mind is a mess
So, fall back

Fall back
Girl you don't know how to act
Fall back
Girl you don't know how to act
You're talking crazy, and your mind is a mess
So, fall back
