

# Brave And Wild

The Parlotones

Remember the summer, you looked up, I asked your name  
It felt like, the summer, it lasted forever.  
Forever wishing we'd be stuck in time.

Wild, wild beneath the city lights.  
We, we were just brave and wild.  
Held, held you in my arms as we planned our lives.  
Those were special times.  
We were brave and wild.

The photos, the memories, let's hope they never fade.  
The summer is always our favourite time of year.  
Forever wishing we'd be stuck in time.

Wild, wild beneath the city lights.  
We, we were just brave and wild.  
Held, held you in my arms as we planned our lives.  
Those were special times.  
We were brave and wild.

We were brave and wild.  
Wild.  
Wild beneath the city lights.  
We, we were just brave and wild.  
Held, held you in my arms as we planned our lives.  
Those were special times.  
We were brave and wild (6x)
