

# Fireworks And Waterfalls

The Parlotones

I saw an old man selling perfection  
I lookey coylly in your direction  
I exclaimed perfection's not for sale

He tried to sell us life's instructions  
You and I need no direction  
Side by side we've reached our destination  
We'll discover it on our own  
Fireworks and waterfalls

We'll roam this world together  
In our human forms forever  
I promise to you girl  
I'll find you in another world  
We may encounter the bitter  
Side by side it will not matter  
Our story will be called  
Fireworks and waterfalls

Waterfalls will flow  
Fireworks explode  
The magic & the beauty is  
In the mystery

You and I need no book of rules  
Come on girl let's go and find our destiny

We'll discover it on our own  
Fireworks and waterfalls

We'll roam this world together  
In our human forms forever  
I promise to you girl  
I'll find you in another world  
We may encounter the bitter  
Side by side it will not matter  
Our story will be called  
Fireworks and waterfalls
