

Perfect Place

The Parlotones

Tiny buttercup, won't you take my hand?
Tiny buttercup, when you're feeling sad
Life doesn't go according to plan
Close our eyes, take each other's hands
In a world filled with shades of grey
We'll color it up and escape
To our perfect place

Tiny buttercup, don't you dare look sad
Tiny buttercup, a smile's all I have
You say life's like a roller-coaster
It's up and down and you wish it were over

Just take me by the hand, close your eyes
We'll escape to our perfect place

Come on girl, take my hand
And close your eyes
We'll escape to our perfect place

Tiny buttercup, when you're insecure
Together we're the giants and our own cure
There's monsters, monsters everywhere
Just close your eyes, girl, they're not there

Just take me by the hand
We're in a better place
And we've escaped to our perfect place
