

## Pretend

The Parlotones

and eyes are melting,  
smiles are flaking  
i am not the one to blaim

pretend  
we're best friends  
pretend  
we're best friends

deliciously tempting  
this is so inviting  
i must leave before i fall in lust and in love  
pretend  
we're best friends  
pretend  
we're best friends

and i need her x3  
more than water  
i'll stop breathing x3  
till i have her

? is my ambition  
i'm sure of her intentions  
i've stayed too long  
and now i lust and i love

and i need her x3  
and i need her more than water  
i'll stop breathing x3  
till i have her
