The Parlotones

Don't cry anymore I'm not worth it  
Nothing nothing's a waste of time  
Do this do that do almost anything  
I've had enough I think not success  
begging pleading knees are bleeding I'm your radio  
Radio controlled robot  
bite if off chew it up these paper mache fabrications  
drunken elephants elastic imaginations  
I'm your radio  
radio controlled robot  
and I don't  
want to be like that no I don't  
want to be controlled

slap me in the face  
punch me in the face  
just to see a damn reaction  
I'm stupid foolish better not go and ruin this  
I'm your radio  
radio controlled robot  
fuddled up muddled up  
words so confusing  
anorexic happy feels like  
I'm always losing  
I'm your radio  
radio controlled robot.

and I don't  
want to be like that no I don't  
want to be controlled

No I don't want to be like that  
No I don't want to be like that  
No I don't want to be like that  
No I don't want to be controlled
