

Sing You To Sleep

The Parlotones

Asleep in my arms, my chariot
So close to my heart, sweet Juliet
It's rhythmical beat lulls you to sleep

Dreamlover
Sing you to sleep (3x)
And chase the demons from your dreams

I'll paint you a dream filled with colours
I'll splash you with stars and with flowers
Angels will chase all your demons away

Dreamlover
Sing you to sleep (3x)
And chase the demons from your dreams

You're safe in my arms [(you're safe)]
I'll carry you away [(Sing you to sleep and chase the demons from your heart)] (4x)

Dreamlover
Sing you to sleep, sing you to sleep, sing you to sleep
And chase the demons from your dreams.
