Arms Race

The Partisans

Nowhere to go don't even know my name Such a long time since I played your war games Don't know the rules but I can learn real fast They're gonna start a nuclear blast. Join in the arms race seems allot of fun Fingers on the button no need to use a gun They play their game with a loaded dice Don't take no orders we just follow advice The politicians they make all the noise They're playing pogo with their nuclear toys now. Join in the arms race seems allot of fun Fingers on the button no need to use a gun
