

## Killing Machine

### The Partisans

I signed on the line and threw away my life  
They gave me a gun  
They gave me a knife  
They taught me how to kill and they taught me how to hate  
Killing Machine  
Killing people I don't even know  
I was trained to give them that fatal blow  
Just take orders I don't ask  
Carry out my savage task  
Killing Machine
