

# I'll Never Get Over You

The Partridge Family

You don't know the pain of being left out in the rain  
And wanting you  
You don't know the times  
I spent all my precious times tryin' to get to you

You don't know the hate  
I've been feelin' from the hurt  
From the bottom of my heart out to you

(Chorus)

I've been lyin' to myself  
I've been tryin' to improve  
I've been cryin' don't you go  
And dyin' cause I know  
I'll never (never) never get over you  
I tried so hard but I just can't do it  
I'll never (never) never get over you  
Maybe I'm not so sure you really want me to

Baby you're aware no one else could really care  
The way I do  
Maybe your mistake is you've gotta have your cake  
And eat it too  
Maybe I'm insane tryin' to figure out your scene  
And I've got to see you soon to work it out

(Chorus)
