

## All Over Now

The Perishers

I no longer pray for tomorrow  
I've started to pray for today  
'Cause I still can't feel nothing but sorrow  
And I do all I can to make that go away

Well, it's all over now  
We're through somehow  
Too bad, I couldn't solve your riddle in time  
It's all over now

I no longer long for the summer  
And I no longer care 'bout the snow  
A just know, I can't take this much longer  
I wonder how low one can go
