

## My Heart

The Perishers

It's my heart you're stealing  
It's my heart you take  
It's my heart you're dealing with  
And it's my heart you'll break

It's my heart you're taking  
It's breaking bit by bit  
It's my heart you're dealing with  
But you don't know about it

If you'd feel like I feel  
And if you'd know what I know  
I don't think you'd ever play me  
I know you'd never play me

It's my heart you're stealing  
It's my heart you take  
It's my heart you're dealing with  
And it's my heart you'll break

If you'd feel like I feel  
And if you'd know what I know  
I don't think you'd ever play me  
I know you'd never play me

I don't think you'd ever play me  
I know you'd never play me
