

# Believe In Me

The Pierces

Hmm hmm hmm hmm

All I got to hold is a telephone  
Feel the dead heat  
Rising from the dirty ground  
Summer nights make you feel alone  
Gotta meet some new kids in this town

Hmm hmm hmm hmm

Just when I was thinking I'd be moving on  
Laid my eyes on a baby with a wounded heart  
Said I think we're gonna get along  
Said I wanna find out who you are

Hmm hmm hmm hmm

Hey believe in me ('Cause I believe in you)  
Need some company (What do you want to do?)  
Electricity (Do you feel it too?)  
Hey believe in me ('Cause I believe in you)

Hmm hmm hmm hmm

Head's playing tricks 'cause you feel like mine  
Never been so easy with a boy like you  
Wanna love you 'cause you look so fine  
Who knows maybe one day it could be true

Hmm hmm hmm hmm

Hey believe in me ('Cause I believe in you)  
Need some company (What do you want to do?)  
Electricity (Do you feel it too?)  
Hey believe in me ('Cause I believe in you)

Listen to me baby  
Lie awake and  
Count all the things you make this crazy  
We'll never know what could be  
If we don't take this chance  
Looking at me wanting just to touch you  
Feel when I'm leaving, Read my mind  
Fall asleep kissing, wake up making love  
It's so divine

Hey believe in me ('Cause I believe in you)  
Need some company (What do you want to do?)  
Electricity (Do you feel it too?)  
Hey believe in me ('Cause I believe in you)
