

Come Alive

The Pierces

Met my baby walking downtown
Caught my eye with his black, heart-shaped tattoo
I can see what's professional
He knows just how much to be cool
I never knew he was a dancer
Now he's walking me in circles across the floor
Hold on to me cause I'm going blind
I'm not feeling lonely anymore

Let's go, let's go deep inside
Am I the only one believing that this could be something beautiful?
Don't try, don't try to hide
The darkness you reveal could make you come alive
Come alive, come alive, come alive

I'm just giving you a hard time
Never knew you were an inner beauty
Only thought you were a pretty face
Pick me up and take me out tonight
You could meet me at the highline
We could act like we are tourists in New York
The city lights up like a diamond there
I think you could shine as bright

Let's go, let's go deep inside
Am I the only one believing that this could be something beautiful?
Don't try, don't try to hide
The darkness you reveal could make you come alive
Come alive, come alive, come alive

Let's go, let's go deep inside
Am I the only one believing that this could be something beautiful?
Don't try, don't try to hide
The darkness you reveal could make you come alive
Come alive, come alive, come alive, come alive

The darkness you reveal could make you come alive (come alive [x2])
The darkness you reveal could make you come alive (come alive [x2])
The darkness you reveal could make you come alive (come alive [x2])
The darkness you reveal could make you come alive (come alive [x2])
