

# Piece Of You

The Pierces

I'm gonna close my eyes to change my vision.  
I'm gonna have another drink so I can make a bad decision  
And I wanna piece of you tonight.

I'm gonna change my name so no one can find me  
I'm gonna lose my mind so no one can remind me  
Yeah I wanna piece of you tonight  
Yeah I wanna piece of you tonight

What do you when you know that it's wrong  
When you try to hold back but you can't hold it for long  
When you cut you cut you cut back that desire  
It comes creeping in just like a disease  
Can you can you give it to me please.  
Cause you know I want a piece of you tonight

I'm gonna take my time so I can really feel it  
And we can hide inside the darkness that conceals it  
Cause I wanna piece of you tonight  
Yeah I wanna piece of you tonight

What do you do when you want it so much  
You would do anything just to get that rush  
When you got you got you got back that desire  
It comes roaming in pulls you down back the ocean  
We could get lost inside a single motion  
And you know I want a piece of you tonight

I'm gonna hold you close to take away the sorrow  
Cause we both know I'm leaving here tomorrow

What do you do when you want it so much  
You would do anything just to get that rush  
When you got you got you got back that desire  
It comes roaming in pulls you down back the ocean  
We could get lost inside a single motion  
And you know I want a piece of you tonight
