hey, domino
I am stopping you from falling
one, two, three
don't you dare go down

hey, waterfall oh, can you hear me calling? three, two, one don't you dare touch the ground

I'm the one you want I'm the one you want I'm the one you want I'm the one you want

sticks and stones will break your bones and leave you lying in the mud but you get scared when we're alone like I might suck your blood

and I could tell you a witch's spell but it just might blow your top and you start to run just as I'm having fun and it's awfully hard to stop it's awfully hard to stop

sun in the sky
I am stopping you from burning
all we need
is stars and moon

clock on the wall
I will keep your hands from turning
or this night
will end too soon

I'm the one you want I'm the one you want I'm the one you want I'm the one you want

sticks and stones will break your bones and leave you lying in the mud but you get scared when we're alone like I might suck your blood

and I could tell you a witch's spell but it just might blow your top and you start to run just as I'm having fun and it's awfully hard to stop it's awfully hard to stop it's just too hard to stop

I call thee, beloved one to love me more than anyone seven times I pierce my heart and now you feel the magic start bind thy heart and soul to me
as I do will
so let it be, oh

hey, loverboy oh, now do you believe me? that's not all that I can do

sit back down
I'm afraid we won't be leaving
can't undo
my spell on you

I'm the one you want (I'm the one you want)
I'm the one you want (I'm the one you want)
I'm the one you want (I'm the one you want)
I'm the one you want (I'm the one you want)

I'm the one you want (I'm the one you want)
I'm the one you want (I'm the one you want)
I'm the one you want (I'm the one you want)
I'm the one you want

sticks and stones will break your bones and leave you lying in the mud but you get scared when we're alone like I might suck your blood

and I could tell you a witch's spell but you just might blow your top and you start to run just as I'm having fun and it's awfully hard to stop

well, sticks and stones will break your bones and leave you lying in the mud but you get scared when we're alone like I might suck your blood

and I could tell you a witch's spell but you just might blow your top and you start to run just as I'm having fun and it's awfully hard to stop it's awfully hard to stop it's just too hard to stop I don't think I can stop
