

Quicksand

The Pietasters

I thought it was infatuation, I couldn't find the bridges behind me
Here today, gone tomorrow, never thinking loving wouldn't find me
Now, my fee is love, I'm after, my courts show the walls of disaster 'cause

Love is like quicksand, I'm sinking deeper and deeper, baby
But the mountain of my mistakes, is looking steeper and steeper, baby

I will solve the things to loving and it was a case of taking or leaving
So, I crossed it off as usual, your love came, I couldn't believe it
So, like a child who plays with fire, I'm going after my own desire 'cause

Love is like quicksand, I'm sinking deeper and deeper, baby
But the mountain of my mistakes, is looking steeper and steeper, baby

Can't you see I'm sinking, baby? Come on, help me now, help me now
Come on, help me now, help me now
This is more than just flirtations, sure it's not a hopeless situation 'cause

Love is like quicksand, I'm sinking deeper and deeper, baby
But the mountain of my mistakes, is looking steeper and steeper, baby
Love is like quicksand, I'm sinking deeper and deeper, baby
But the mountain of my mistakes, is looking steeper and steeper, baby

Love is like quicksand, I'm sinking deeper and deeper, baby
But the mountain of my mistakes, is looking steeper and steeper, baby
Love is like quicksand, I'm sinking deeper and deeper, baby
But the mountain of my mistakes, is looking steeper and steeper, baby

Love is like quicksand, I'm sinking deeper and deeper, baby
But the mountain of my mistakes, is looking steeper and steeper, baby
Love is like quicksand, I'm sinking deeper and deeper, baby
But the mountain of my mistakes, is looking steeper and steeper, baby

Love is like quicksand, I'm sinking deeper and deeper, baby
But the mountain of my mistakes, is looking steeper and steeper
