

## I'll Be Waiting

The Pigeon Detectives

I know you think you're so much better  
And we used to get on fine together  
Now i don't think that will work  
You want to see me in the dirt  
Made suspicious by your awkward glances  
I'm not sorry that we took our chance  
Now you're heads a bit of a mess  
I'm gonna put it down to success

I'll be waiting for you  
When you wanna go  
When you wanna go  
I'll be waiting for you  
When you wanna go  
When you wanna go

Oh so petty and so pretentious  
False opinion, the rising tension  
I don't think that will work  
You'll never get me in the dirt  
Made suspicious by your awkward glances  
I'm not sorry that we too out chance  
Now your heads a bit of a mess  
I'm gonna put it down to success

I'll be waiting for you  
When you wanna go  
When you wanna go  
I'll be waiting for you  
When you wanna go  
When you wanna go

I'll be waiting for you  
When you wanna go  
When you wanna go  
I'll be waiting for you  
When you wanna go  
When you wanna go
