

Alone At Sea

The Pineapple Thief

this is our time, what's to live for?
this is our time nothing more
look to the sky, it cannot help you
it all melts away in our drug addled minds

oh, who cares?

give me your hand and let's take it
give me your hand and we'll dance to the end

oh who cares what's on the other side?

'Cause you and me, alone at sea
and I know we know this is suicide
and you can see it's you and me
so hold on, hold on to this suicide

give me your hand and let's take it
give me your hand and we'll dance to the end

oh who cares what's on the other side?

'Cause you and me, alone at sea
and I know we know this is suicide
and you can see it's you and me
so hold on, hold on to this suicide
