

Boxing Day

Don't look for the sunrise, anytime,
Don't look for the sunrise, anytime,
Soon

I hold you tighter every night
And I never let you out of sight,
In your life, not once in your life
Not once in your life

Don't look to the city, anytime,
Don't run to the city, anytime,
Soon

I hold you tighter every night,
And I never let you out of sight,
In your life, not once in your life,
Not once in your life

I hold you tighter every night,
And I never let you, out of sight

I hold you tighter every night,
And I never let you, out of sight,
In your life, not once in your life,
Not once in your life
