

# Clapham

## The Pineapple Thief

You're here  
With nowhere left to go  
With nowhere left to go  
You feel  
Your facing is alone  
Your facing is alone

So I'm singin this for You  
Yeah, I'm singin this for You  
So You don't have to

Is there something to live for?  
Tell me it's something to live for  
Cause I don't have more

You feel  
There's nothing left to say  
There's nothing left to say

You feel  
You slowly fade away  
You slowly fade away

So I'm singin this for You  
Yeah, I'm singin this for You  
So You don't have to

Is there something to live for?  
Tell me it's something to live for  
Cause I don't have more

Is there something to live for?  
Tell me it's something to live for  
Cause I don't have more

So I'm singin this for You  
Yeah, I'm singin this for You  
So You don't have to

Is there something to live for?  
Tell me it's something to live for  
Cause I don't have more

Is there something to live for?  
Yeah, is there something to live for?  
How could you need more?

And now  
It's everywhere to go  
It's everywhere to go
