

I'm turning the light on, oh no,
I've seen this all before,
I'm turning the light on, to go,
I cannot take much more,
Man in the mirror, oh no,
I've seen this face before,
Stare at the mirror...
Oh no, please...

I know I'm not invincible,
But I thought I was all the same,
I know I'm not invincible,
But I thought I was...
Thought I was all the same.

I know I'm not invincible,
But I thought I was all the same,
I know I'm not invincible,
But I thought I was...
Thought I was all the same.

I'm caught in a loop now, I hear,
The same thing everyday,
I'm caught in a loop now, I fear,
It never comes my way,
Singing the outro, they're gone,
They've heard it all before,
But this is the last show,
Oh no, please...

I know I'm not invincible,
But I thought I was all the same,
I know I'm not invincible,
But I thought I was...
Thought I was all the same.
