### The Pineapple Thief

I'm turning the light on, oh no,  
I've seen this all before,  
I'm turning the light on, to go,  
I cannot take much more,  
Man in the mirror, oh no,  
I've seen this face before,  
Stare at the mirror...  
Oh no, please...

I know I'm not invincible,  
But I thought I was all the same,  
I know I'm not invincible,  
But I thought I was...  
Thought I was all the same.

I know I'm not invincible,  
But I thought I was all the same,  
I know I'm not invincible,  
But I thought I was...  
Thought I was all the same.

I'm caught in a loop now, I hear,  
The same thing everyday,  
I'm caught in a loop now, I fear,  
It never comes my way,  
Singing the outro, they're gone,  
They've heard it all before,  
But this is the last show,  
Oh no, please...

I know I'm not invincible,  
But I thought I was all the same,  
I know I'm not invincible,  
But I thought I was...  
Thought I was all the same.
