## Incubate

## **The Pineapple Thief**

I'm turning the light on, oh no, I've seen this all before, I'm turning the light on, to go, I cannot take much more, Man in the mirror, oh no, I've seen this face before, Stare at the mirror... Oh no, please...

I know I'm not invincible, But I thought I was all the same, I know I'm not invincible, But I thought I was... Thought I was all the same.

I know I'm not invincible, But I thought I was all the same, I know I'm not invincible, But I thought I was... Thought I was all the same.

I'm caught in a loop now, I hear, The same thing everyday, I'm caught in a loop now, I fear, It never comes my way, Singing the outro, they're gone, They've heard it all before, But this is the last show, Oh no, please...

I know I'm not invincible, But I thought I was all the same, I know I'm not invincible, But I thought I was... Thought I was all the same.
