

Judge The Girl

The Pineapple Thief

You left her when she needs the most.
You're making her the whipping post.
Tend to yourself, you are afraid.
Frightened you won't make the grade.

Judge the girl, she did wrong.
Live in fear from everyone.

Is this the way you're meant to be?
Destroying lives you cannot see?
Are these the actions he would preach?
You're out of touch and out of reach.

Judge the girl, she did wrong.
Live in fear from everyone.
